AllTrails ON OFFROAD

Discover Off-Road Trails

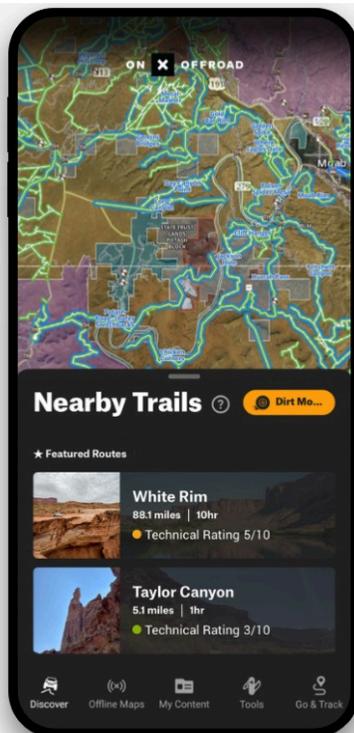

Find trails for SxS, 4x4, ATV, dirt bike, and snowmobiles across the nation. Tap any trail for details such as open and close dates, difficulty ratings, and trail photos. View 500K rec points like campsites, trailheads, and boat launches.

Save Maps for Offline Use

Save maps to your phone or tablet, including all interactive land and trail data. You'll still be able to view your location on your saved maps using your phone's internal GPS.

Track, Save, and Share Trips

Easily track your trips, including location, distance, speed, and elevation with Go & Track's GPS capabilities. Save your trips for future reference with Folders, and share them with friends so they can add them to their Offroad app.

Public and Private Land Info

Quickly know land ownership information across the nation. Tap anywhere on the map to see public land, like national parks and forests, as well as private land owner names, boundaries, and acreage with Elite.

Customize With Markups

Your maps, your way. Add Waypoints to mark campsites, where you parked the truck, and intersections on the trail. Add lines to create routes, and share everything with friends.

Sync with CarPlay and Android Auto

See the land and trails come to life in your vehicle's dash using onX Offroad with CarPlay or Android Auto. Discover spur trails and campsites as you drive, and see public and private landowner information with Offroad Elite.
